INDEPENDENT AUDITORS' REPORT

The Managing Member
Basic Capital Advisors, LLC

We have audited the accompanying statement of financial condition of Basic Capital Advisors, LLC (the "Company") at December 31, 2011. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial position of Basic Capital Advisors, LLC at December 31, 2011, in conformity with accounting principles generally accepted in the United States of America.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents.

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Note 3 - Net Capital Requirements

The Company is subject to the SEC Uniform Net Capital Rule (Rule 15c3-1) which requires the maintenance of a minimum net capital, as defined, of the greater of \$5,000 or one-fifteenth of aggregate indebtedness, as defined. At December 31, 2011, the Company had net capital of \$15,676, which exceeded its requirement by \$10,676. Additionally, the Company must maintain a ratio of aggregate indebtedness to net capital of 15:1 or less. At December 31, 2011, this ratio was 0.18:1.

The Company is exempt from the provisions of Rule 15c3-3 of the SEC since the Company's activities are limited to those set forth in the conditions for exemption pursuant to subsection k(2)(i) of the Rule.
